Each building, wall or other structure or improvement of any nature shall be erected, placed, or altered upon the Property only in accordance with the plans and specifications and plot plan so approved. Refusal of approval of plans, specifications and plot plans, or any of them, may be based on any ground, including purely aesthetic grounds, which in the sole and uncontrolled discretion of the Architectural Control Committee seem sufficient. Any change in the exterior appearance of any building, wall, other structure, sign or improvement, and any change in the appearance of the landscaping as approved and installed prior to Turnover shall be deemed an alteration requiring approval. The Architectural Control Committee shall have the power to promulgate such rules and regulations as it deems necessary to carry out the provisions and intent of this paragraph. The Architectural Control Committee's address currently is _____.

_____ A majority of the Architectural Control Committee may take any action the Architectural Control Committee may take, and may designate a representative to act for it. In the event of the death or resignation of any member of the Architectural Control Committee, the remaining members shall have full authority to designate a successor. Neither the members of the Architectural Control Committee, nor its designated representatives shall be entitled to any compensation for services performed pursuant to this covenant. The Architectural Control Committee, its members and their successors, shall not be liable in damages to anyone submitting plans for approval or to any other party by reason of mistake in judgment, negligence or non-feasance of said Architectural Control Committee, members, agents or employees, arising out of or in connection with the approval or disapproval or failure to approve any plans. Any party submitting plans to the Architectural Control Committee for approval, by the submitting of such plans, and any owner by acquiring title to any of the Property agrees that such person will not bring any action or claim for any such damages against the Architectural Control Committee, its members, their successors and the committee's agents and employees. In connection with the Property after Turnover and the Architectural Control Committee:

- (1) The approval of plans, specifications and plot plans by the Architectural Control Committee shall extend and apply to the exterior colors and materials; exterior lighting; the number of spaces, dimensions of spaces, design, layout and location of all parking areas, which...

Upon any Owner's failure to maintain any building, structure, paved area, driveway or sidewalk all in good repair and appearance, the Architectural Control Committee may, at its option, after giving any Owner thirty (30) days' written notice sent to the Owner's last known address, make repairs and improve the appearance in a reasonable and workmanlike manner and such work may include, without limitation, the following: cleaning, painting, repairing, replacing and taking care of the exterior building and structure surfaces, signs, lights and light standards, roofs, gutters, downspouts, windows and doors. Such Owner shall reimburse the Architectural Control Committee for the cost of any work above required and to secure such reimbursement, the Architectural Control Committee shall have a lien upon the parcel upon which the work was performed enforceable as herein provided. Upon performing the work herein provided, the Architectural Control Committee shall be entitled to file in the Public Records of Dade County, Florida, a notice of its claim of lien by virtue of this contract with said Owner. Said notice shall state the costs of said work and shall contain a description of the property against which the enforcement of the lien is sought. The lien herein provided shall date from the time that the work is completed, but shall not be binding against creditors or subsequent purchasers for a valuable consideration and without notice until said notice is recorded. The lien herein provided shall be due and payable forthwith upon the completion of the work and if not paid, said lien may be enforced by foreclosure in the same manner as mortgages or by any other means provided by law. The amount due and secured by said lien shall bear interest at eighteen percent (18%) per annum from the date of recording said notice of lien and in any action to enforce payment, the Architectural Control Committee shall be entitled to recover costs and attorneys' fees. The liens herein provided shall be subordinate to the lien of any first mortgage encumbering the Property or any portion thereof to any institutional lender; provided, however, that any such mortgagee when in possession and any purchaser at any foreclosure sale, and all persons claiming by, through or under such mortgage or purchaser, shall hold title subject to the obligations and liens herein provided;

remainder of construction materials, of whatever nature, shall be promptly cleared and removed from these adjoining properties. Construction shall be deemed completed when a Certificate of Occupancy is issued.

For the purposes of this Section, "commercial vehicles" shall mean those which are not designed and used for customary, personal/family purposes. Without limiting the generality of the foregoing, any vehicle which contains commercial-type lettering, graphics or any other form of commercial advertising shall be deemed to be a "commercial vehicle", and any passenger-type van which does not have windows beyond the driver's seat shall be deemed to be a "commercial vehicle". (vi) Outside storage of materials, supplies or products shall not be permitted within any setback area, whether located in the open or whether situated within a trailer, van or other type of container, and further, all such outside storage shall be located in such place, or properly screened by a masonry wall, so as not to be visible from any property line;

(vii) No part of the Property and no building or other improvement thereon shall be used for any purpose or in any such manner which shall be a nuisance to the occupants or owners of any neighboring land or building by reason of the emission from said land or any part thereof, or the creation thereon, of odors, gases, dust, smoke, noise, fumes, cinders, soot, glare, reflected sunlight, vibrations, radiation or waste or otherwise.
